- Legend and Notes:**
- Property Description: Lot 43, Woodrun Unit 1, Town of Snowmass Village, County of Pitkin, State of Colorado according to the plat thereof recorded December 21, 1966, in Plat Book 03 of Page 116 as Acceptance No. 126182, in the office of the Clerk & Recorder in Pitkin County, Colorado.
 - The dimension of said Lot 43 as shown on the plat of said Woodrun Unit 1 does not represent a closed figure. There is a miss closure of 2.85 feet. The monuments found in the field don't fit the record calls for Lot 43. It is the surveyor's opinion that the original monuments set by Buchanan (1/5 Rebar with aluminum caps) found at the common corner to Lots 43, 30 & 31 and at the common corner of Lots 29, 30 and Wood Road right-of-way represent the correct orientation of subdivision and lot boundaries. The boundary shown on this map is based upon record bearing and distances, except the arc length along Wood Road, which is the line of forced closure.
 - The bearing and distance shown at the found monuments, represent the direction and distance the monument was found from the records calls on said Plat.
 - Property Address: 127 Forest Lane, Snowmass Village, CO
 - Bearings are relative of a bearing of S33°26'00"W of a distance of 69.86' as shown between found monuments.
 - This map has been prepared pursuant to client request for an improvement survey of this property.
 - Elevations as shown are arbitrary and based on a starting elevation of 5000'. They do not represent an elevation from sea level or any other established or official basis of elevation.
 - Underground utilities are shown as located by others. Verify location prior to any excavation.
 - This survey does not represent a title search by this surveyor to determine ownership or to discover easements or other encumbrances of record. All information pertaining to ownership, easements or other encumbrances of record have been taken from a title commitment prepared by Pitkin County Title, Inc. dated 18 December 2007 as Case No. PCT21798L in regards to said Commitment for Title Insurance, Schedule B Section 2.
 - Items 1 thru 8 are standard Title Commitment Exceptions.
 - Item 9: This parcel may be subject to the rights of others for the extraction of minerals including oil and gas and the maintenance of ditches and canals constructed by the authority of the United States as reserved in United States Patent recorded in Book 55 at Page 345, the extent of which cannot be graphically depicted.
